

**Policy S/SH Settlement Hierarchy (P48)**

Given the range of services and facilities we support Fowlmere's continued identification as a Group Village over and above an infill village. It is not clear however why the level of housing to come forward in such locations need be pre-judge i.e. ceiling of 8 units or exceptionally 15.

**Recommendation:** Policy should allow for development in Group Villages up to a scale that can be demonstrated to support and enhance the village moving forward.
