**Part B – Your Response****What part of the Neighbourhood Plan do you have comments on?**

<p>Policy or Paragraph Number (please state)</p> <p><i>The village development boundary as drawn on the NP maps in relation to our property curtilage is incorrect and needs amending. (See attached)</i></p>	<p><i>This representation for correction of the boundary is supported by Fulbourn Parish Council</i></p>
<p>Do you Support, Object or have Comments? (Please tick)</p>	<p><input type="checkbox"/> <b>Support</b></p> <p><input checked="" type="checkbox"/> <b>Object</b> (<i>Boundary correction required</i>)</p> <p><input type="checkbox"/> <b>Comment</b></p>

**Reason for Support, Object or Comment:**

Please give details to explain why you support, object or have comments on the Neighbourhood Plan. If you are commenting on more than one policy or paragraph, please make clear which parts of your response relate to each policy or paragraph

If you consider that the referendum boundary should be extended, please outline your reasons.

*The Fulbourn village boundary as drawn on the maps is incorrect as it cuts across the middle of our rear garden. This is incorrect, this is ALL garden and ALL separated from the adjacent countryside by mature hedgerows & fencing. Only the Green belt portion of the garden should remain outside the village boundary. The boundary needs to be corrected so that it follows the same line as the adjacent Conservation boundary that delineates / separates the Green Belt some 30 metres north.*

**Summary of Comments:**

If your comments are longer than 100 words, please summarise the main issues raised.

- 1) The email to which this form is attached contains additional comprehensive information & evidence supporting this representation.*
- 2) A similar representation to the Local Plan has already been sent to SCDC on 13<sup>th</sup> Dec 2021 representing the exact same boundary correction.*
- 3) Fulbourn Parish Council (FPC) supports this boundary correction.*
- 4) This incorrectly drawn boundary has damaging implications on a planning application for a proposed single dwelling (which also has the full support of FPC).*
