Section 7: Additional Information

Where you are submitting a new site or amending the boundary of an existing site, please ensure you provide a site location plan as part of your submission, which clearly outlines your site with a red-line boundary. If your site is made up of more than one contiguous parcel of land, is large in size and/or has a complex boundary, please also provide a shapefile of the site boundary. Failure to provide this information may impair the Councils' ability to assess the site and/or may lead to a delay in the assessment of your site.

Please attach any supporting documentation below, compressing large files where possible. There is a maximum overall limit of 32MB. If you exceed this limit, please email your additional files to Localplan@greatercambridgeplanning.org, clearly stating the site name and reference number. In this instance, please do not generate a new site submission in order to submit additional files. For GDPR purposes, files should not include personal or sensitive information such as telephone numbers, email addresses and signatures. Files that do contain this information will need to be manually redacted by officers, resulting in a delay in registering the site.
