Cambourne Town Council supports the principle of growth at Cambourne North, subject to the development being delivered as a fully integrated extension of Cambourne rather than a separate settlement. The Council seeks a clear infrastructure-first approach, ensuring healthcare, schools, community facilities, public transport and active travel links are delivered before or alongside housing occupation. Strong connectivity across the A428, protection of Cambourne High Street as the town's primary centre, delivery of employment opportunities, long-term stewardship of green infrastructure, climate resilience measures and the retention of village identity are essential. These requirements should be embedded within the Local Plan's final policies.

Please provide a 100 word summary of your representation.

Section 4: Supporting Documents

If you are submitting any supporting documents with your representation, such as maps or further evidence documents, please provide a list.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify your representation and any proposed modification(s), as there will not be a subsequent opportunity to make further representations other than at the invitation of the Inspector during the Examination process.
