Test	**Yes / No**
Legally compliant	Yes

Sound	No

Section 3: Your representation

Please set out and explain your comments. Please be as precise as possible, and please do not just refer to an attached supporting document(s). For your representation (comments) to be considered, your representation must be set out here. Wherever possible, set out precisely any changes you think should be made to the plan and its policies.

Policy CC/IW: Integrated water management, sustainable drainage and water quality

Part 6a of the policy states that development must demonstrate that there is capacity for wastewater treatment and adequate wastewater conveyancing infrastructure to support the whole development. This approach is considered to be unsound on the basis that water infrastructure providers have a legal requirement to provide the necessary infrastructure to meet the needs of Greater Cambridge's current and future population and that it should not be for house builders and other developers to address the failings of water companies to upgrade necessary infrastructure.

It is unnecessary, and therefore not sound, for the council to ask developers to demonstrate that there is capacity, as the capacity of the water supply infrastructure is not a land use planning matter for consideration on an application-by-application basis as water companies are subject to statutory duties under S37 and 94 of the Water Industry Act 1991 (WIA 1991). Section 37 of the Act, set out below, imposes a statutory duty on all water companies to provide and maintain adequate infrastructure and potable water supplies.

"S37 General duty to maintain water supply system etc. (1) It shall be the duty of every water undertaker to develop and maintain an efficient and economical system of water supply within its area and to ensure that all such arrangements have been made— (a) for providing supplies of water to premises in that area and for making such supplies available to persons who demand them; and (b) for maintaining, improving, and extending the water undertaker's water mains and other pipes, as are necessary for securing that the undertaker is and continues to be able to meet its obligations under this Part. (2) The duty of a water undertaker under this section shall be enforceable under section 18 above— (a) by the Secretary of State; or (b) with the consent of or in accordance with a general authorisation given by the Secretary of State, by the Director."

Consequently, it is inappropriate to include a policy in the local plan requiring applicants to assess the capacity or otherwise of the water company to provide connections as such a policy is an attempt to get applicants to do things for which they are not legally responsible. Rather it is the responsibility of water companies, working with local authorities and the Environment Agency, to plan for the future demand for water services relating to the development requirements proposed in local plans.

Please provide a 100 word summary of your representation.

Section 4: Supporting Documents

If you are submitting any supporting documents with your representation, such as maps or further evidence documents, please provide a list.

Please see accompanying statement

Section 5: Proposed Modifications

Please set out the modification(s) you consider necessary to make the Greater Cambridge Local Plan legally compliant and sound.

You will need to say why each modification will make the Greater Cambridge Local Plan legally compliant or sound. Please put forward your suggested revised wording of any policy or paragraph, being as precise as possible.

Part 6a of the policy should be deleted, for the reasons outlined above.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify your representation and any proposed modification(s), as there will not be a subsequent opportunity to make further representations other than at the invitation of the Inspector during the Examination process.

Section 6: Participation at the Examination

If you are proposing a modification to the Greater Cambridge Local Plan, do you consider it necessary to participate at the examination hearings?

Examination	**Yes / No**
Participate at the hearing sessions	Yes

If you wish to participate at the hearing sessions, please outline why you consider this to be necessary.

So that the matters raised within these submissions can be developed through direct discussion in order to assist the Inspector's assessment more efficiently than relying solely on these written representations.

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in Examination hearing sessions. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Section 7: Being Kept Informed

Would you like to be kept informed of the progress of the Greater Cambridge Local Plan through to adoption?

Notifications	**Yes / No**
Informed of submission of the Local Plan to the Secretary of State for independent Examination	Yes
Informed of the publication of the Inspector's recommendations following the Examination of the Local Plan	Yes
Informed of adoption of the Local Plan	Yes
