Policy S/DE: Defined Development Extents

The proposed policy based on defined development extents around settlements is supported in principle. Development extents play an important role in controlling development; however, they should not be used as a basis for preventing otherwise sustainable development from coming forward. It is noted that the Pre-Submission Local Plan states (at para. 2.129) that development extents have been defined to take into account the present extent of the built-up area and planned new development. However, the proposed development strategy to restrict the number of dwellings in certain tiers of the settlement hierarchy and the low number of site allocations proposed for the rural areas will prevent sustainable development from being brought forward unless further sites are allocated for development and included within the settlement boundary.

Should the Councils wish to continue to apply a heavy reliance on windfall development to accommodate growth, the settlement boundaries will need to be drawn more loosely around existing settlements, particularly those beyond the outer Green Belt boundary, to allow for speculative development to come forward.

On this basis it is considered that the approach to definition of development extents is unsound, as it would be neither positively prepared nor effective.

Please provide a 100 word summary of your representation.

Section 5: Proposed Modifications

Please set out the modification(s) you consider necessary to make the Greater Cambridge Local Plan legally compliant and sound.

You will need to say why each modification will make the Greater Cambridge Local Plan legally compliant or sound. Please put forward your suggested revised wording of any policy or paragraph, being as precise as possible.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify your representation and any proposed

modification(s), as there will not be a subsequent opportunity to make further representations other than at the invitation of the Inspector during the Examination process.

Section 6: Participation at the Examination

If you are proposing a modification to the Greater Cambridge Local Plan, do you consider it necessary to participate at the examination hearings?

Examination	**Yes / No**
Participate at the hearing sessions	Yes

If you wish to participate at the hearing sessions, please outline why you consider this to be necessary.

So that the matters raised within these submissions can be developed through direct discussion in order to assist the Inspector's assessment more efficiently than relying solely on these written representations.

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in Examination hearing sessions. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Section 7: Being Kept Informed

Would you like to be kept informed of the progress of the Greater Cambridge Local Plan through to adoption?

Notifications	**Yes / No**
Informed of submission of the Local Plan to the Secretary of State for independent Examination	Yes
Informed of the publication of the Inspector's recommendations following the Examination of the Local Plan	Yes
Informed of adoption of the Local Plan	Yes
