Section 3: Your representation

Please set out and explain your comments. Please be as precise as possible, and please do not just refer to an attached supporting document(s). For your representation (comments) to be considered, your representation must be set out here. Wherever possible, set out precisely any changes you think should be made to the plan and its policies.

Please refer to supporting documentation and representations as submitted in full.

The proposed policy is inconsistent with the National Planning Policy Framework.

National policy refers to the Urban Greening Factor in a specific context. Paragraph 159 of the December 2024 Framework, addressing the improvements to green spaces required as part of the Golden Rules for Green Belt release, states:

“159. The improvements to green spaces required as part of the Golden Rules should contribute positively to the landscape setting of the development, support nature recovery and meet local standards for green space provision where these exist in the development plan. Where no locally specific standards exist, development proposals should meet national standards relevant to the development (these include Natural England standards on accessible green space and urban greening factor and Green Flag criteria). Where land has been identified as having particular potential for habitat creation or nature recovery within Local Nature Recovery Strategies, proposals should contribute towards these outcomes.”

Whilst the principle of urban greening is supported, it is considered that draft policy BG/UGF, proposed to be applied as a blanket to all development sites, not those just within the Green Belt or at brownfield development sites, and could act as an excessive technical requirement for development at entirely greenfield sites.

Please provide a 100 word summary of your representation.

Please refer to supporting documentation and representations as submitted in full.

Amend the policy so that the Urban Greening Factor requirement is targeted at development sites and locations where the level of urban greening is a significant planning issue, such as the redevelopment of brownfield sites and sites within the Green Belt, rather than applied as a blanket requirement to all major development.

Section 4: Supporting Documents

If you are submitting any supporting documents with your representation, such as maps or further evidence documents, please provide a list.

Please refer to the full Greater Cambridge Local Plan Regulation 19 Representations made on behalf of Hallam Land -September 2026

Section 5: Proposed Modifications

Please set out the modification(s) you consider necessary to make the Greater Cambridge Local Plan legally compliant and sound.

You will need to say why each modification will make the Greater Cambridge Local Plan legally compliant or sound. Please put forward your suggested revised wording of any policy or paragraph, being as precise as possible.

Please refer to supporting documentation and representations as submitted in full.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify your representation and any proposed modification(s), as there will not be a subsequent opportunity to make further representations other than at the invitation of the Inspector during the Examination process.

Section 6: Participation at the Examination

If you are proposing a modification to the Greater Cambridge Local Plan, do you consider it necessary to participate at the examination hearings?

Examination	**Yes / No**
Participate at the hearing sessions	Yes

If you wish to participate at the hearing sessions, please outline why you consider this to be necessary.

Hallam Land is a key stakeholder and is promoting land for allocation.

For the reasons identified in these duly made representations Hallam Land reserves the ability to participate in the Local Plan Examination in respect of the matters and issues raised.

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in Examination hearing sessions. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Would you like to be kept informed of the progress of the Greater Cambridge Local Plan through to adoption?
