Section 3: Your representation

Please set out and explain your comments. Please be as precise as possible, and please do not just refer to an attached supporting document(s). For your representation (comments) to be considered, your representation must be set out here. Wherever possible, set out precisely any changes you think should be made to the plan and its policies.

JMS Planning and GMD welcome the inclusion of a policy specific to co-living. However, part 1.b of the Regulation 19 version now requires developments to deliver active travel facilities and 'minimal car parking', which conflicts with the practical need for occupiers to have beneficial occupation, particularly in areas where public transport accessibility varies. JMS Planning also seeks justification for the requirement that schemes be of a 'moderate scale of between 50 and 200 units', noting that the Regulation 19 version retains this threshold and restricts larger schemes unless it is demonstrated that they will not result in a 'harmful concentration of Co-living units' or 13 place undue pressure on local infrastructure. JMS Planning recommends that the term 'harmful concentration' be clearly defined to ensure consistent interpretation across applications. The policy should also recognise that sufficient car parking may be necessary in certain rural or semi-rural locations, particularly given the shift to electric vehicles, and that car parking should not be viewed as inherently detrimental.

Please provide a 100 word summary of your representation.

H/CO requires clearer justification for scale thresholds, definition of "harmful concentration", and flexibility on car parking in rural areas. Full details in attached representation.

Section 4: Supporting Documents

If you are submitting any supporting documents with your representation, such as maps or further evidence documents, please provide a list.

Section 5: Proposed Modifications

Please set out the modification(s) you consider necessary to make the Greater Cambridge Local Plan legally compliant and sound.

You will need to say why each modification will make the Greater Cambridge Local Plan legally compliant or sound. Please put forward your suggested revised wording of any policy or paragraph, being as precise as possible.

Define “harmful concentration” clearly and justify the 50–200 unit threshold with evidence. Provide flexibility for car parking provision in rural or semi-rural locations where public transport accessibility varies, recognising that car parking is not inherently detrimental, particularly with the shift to electric vehicles. Clarify how active travel requirements should be applied proportionately across different settlement types.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify your representation and any proposed modification(s), as there will not be a subsequent opportunity to make further representations other than at the invitation of the Inspector during the Examination process.

Section 6: Participation at the Examination

If you are proposing a modification to the Greater Cambridge Local Plan, do you consider it necessary to participate at the examination hearings?

Examination	**Yes / No**
Participate at the hearing sessions	Yes

If you wish to participate at the hearing sessions, please outline why you consider this to be necessary.

Yes — for all reasons set out in GCSP Regulation 19 Local Plan Representations – JMS Planning obo GMD – Final.pdf

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in Examination hearing sessions. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
