

Answer our 10 big questions

1. What do you think about our vision for North East Cambridge?

Comment Some aspects are appealing but overall there are still concerns.

2. Are we creating the right walking and cycling connections to the surrounding areas?

Comment The options look good but there is no info on how you would achieve uptake or prevent mass car parking

3. Are the new 'centres' in the right place and do they include the right mix of activity?

Comment Hard to tell, looks promising but the way people really use space.

4. Do we have the right balance between new jobs and new homes?

Comment No guarantee that those who achieve jobs in that area will live there. Again looks promising but with so many ~~map~~ multi occupancy properties it may not work.

5. Are we are planning for the right community facilities?

Comment No provision for cost effective local space for clubs & activities. This will actively discourage people staying in the area.

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

Comment Building height is good. Density is a little too dense.

7. Are we planning for the right mix of public open spaces?

Comment *Could use more public open spaces.*

8. Are we doing enough to improve biodiversity in and around North East Cambridge?

Comment *Promising, will depend on litter and use of chemicals in the area.*

9. Are we doing enough to discourage car travel into this area?

Comment

10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?

Comment *Promising but remains to be seen.*
