

Answer our 10 big questions

1. What do you think about our vision for North East Cambridge?

Comment Trying to pack too much in a developed area. To shuffle the sewage works a short distance is easy. It will need to be moved again in a short time as over development continues.

2. Are we creating the right walking and cycling connections to the surrounding areas?

Comment You can't believe that people will not have cars. Where do they park and how do owners get to them. Underground parking.

3. Are the new 'centres' in the right place and do they include the right mix of activity?

Comment

4. Do we have the right balance between new jobs and new homes?

Comment The more jobs you create the greater the need for more homes, creating a situation where housing problems will go on and on in vicious circle.

5. Are we are planning for the right community facilities?

Comment

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

Comment What is needed is 2-4 bed homes with a bit of garden. Cambridge is supposed to be medium sized city not a conurbation.

7. Are we planning for the right mix of public open spaces?

Comment

8. Are we doing enough to improve biodiversity in and around North East Cambridge?

Comment

9. Are we doing enough to discourage car travel into this area?

10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?
