

I tried for ages to get the online form to work but no success by which time this will be late. Please accept from a pensioner who isn't

### Answer our 10 big questions

very good with online forms  
Thank you.

1. What do you think about our vision for North East Cambridge?

**Comment** It looks like inner city London. It is not suitable for Cambridge. The buildings are far too high. Should be kept at maximum 5 storeys. It looks as if it will bring more congestion to an already congested area of Cambridge.

2. Are we creating the right walking and cycling connections to the surrounding areas?

**Comment** It looks OK, where will people in flats keep their bikes safely. I'm not sure all the routes are safe for children

3. Are the new 'centres' in the right place and do they include the right mix of activity?

**Comment** Shops seem OK but there isn't enough leisure + sport facilities

4. Do we have the right balance between new jobs and new homes?

**Comment** It looks as if some people will still have to commute into the area bringing more congestion

5. Are we are planning for the right community facilities?

**Comment** I couldn't see the secondary school. If there isn't one any other secondary school is a long way + a dangerous route. All the social/health leisure facilities need to be in place before the houses are built

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

**Comment** NO MUCH TOO HIGH

Not enough green space

7. Are we planning for the right mix of public open spaces?

Comment Not enough proper green space for play. Grass "verges" are not the answer. + recreation + casual sport.

8. Are we doing enough to improve biodiversity in and around North East Cambridge?

Comment Doesn't look like it

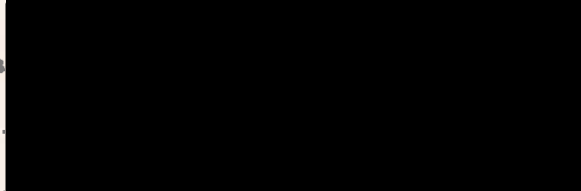

9. Are we doing enough to discourage car travel into this area?

Comment Shouldn't have cars here or parking.

10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?

Comment Cycling + walking MUST be the norm.
