

Answer our 10 big questions

1. What do you think about our vision for North East Cambridge?

Comment

A WELL BALANCED VISION FOR THE FUTURE AREA. IN MY OPINION CWVWTP SHOULD BE SITED AS SHOWN ON ANGLIAN WATER RELOCATION PROJECT IN AREA 3 IE HORNINGSEA (NEAREST TO PRESENT SITE & OTHER SIDE OF A14)

2. Are we creating the right walking and cycling connections to the surrounding areas?

Comment

LOOKS WELL THOUGHT OUT

3. Are the new 'centres' in the right place and do they include the right mix of activity?

Comment

GENERALLY - YES, BUT THOUGHT SHOULD BE GIVEN TO SITE FOR CHP PLANT IF CENTRALISED HTG/HOT WATER SYSTEMS CHOSEN OR SUB-STATIONS; OTHERWISE SPACE NEEDED IN EACH DWELLING FOR HEAT PUMPS OR COMBI-BOILERS.

4. Do we have the right balance between new jobs and new homes?

Comment

LOOKS OK

5. Are we are planning for the right community facilities?

Comment

YES, BUT IF NO GARDENS THEN CHILDRENS PLAY AREAS & A GREEN ~~FOR~~ (OR GREENS) FOR THE OLD FOLK IN WHEELCHAIRS & DISABLED TO ACCESS

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

Comment

WOULD LOOK QUITE DRAMATIC FROM A DISTANCE (MIGHT BE VISIBLE FROM JOHN LEWIS RESTAURANT WINDOW OR CRAFTON CAR PARK ROOF.

THOUGHT SHOULD BE GIVEN TO RED LIGHT ON TALLEST BLOCK (30m) ALTHOUGH REQUIREMENT IS 80-90m (200FT) IN

Please turn over for questions 7-10 ... CONSIDERATION THAT LIGHT AIRCRAFT FEET INTO MARSHALL AT PRESENT, (UNTIL THEY LEAVE!) OTHER BALL BLOCK MAY ALSO NEED WARNING LIGHTS

7. Are we planning for the right mix of public open spaces?

Comment

AGAIN, THOUGHT SHOULD BE GIVEN TO LOCAL GREEN SPACES FOR THOSE WHO CANNOT WALK TO MILTON COUNTRY PARK OR BEYOND

8. Are we doing enough to improve biodiversity in and around North East Cambridge?

Comment

1. ALL TALL BLDGS SHOULD BE FITTED WITH WATER MIST SYSTEM IN CASE OF FIRE IE ICO & TO BS8458 FOR FIRE / SMOKE CONTROL. FACILITIES FOR FIRE/RESUE & AMBULANCES, WIDE ENOUGH ROADS AND FIRE APPLIANCE AREAS ALLOWED FOR.

9. Are we doing enough to discourage car travel into this area?

Comment

YES, BUT AT 0.5 PARKING SPACES PER NEW HOME WHERE DOES THE AVERAGE FAMILY PARK THEIR CARS. MOST HOMES NOW HAVE 2 OR 3 CARS PER FAMILY

10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?

Comment

YES. SERIOUS THOUGHT TO BE GIVEN TO HEATING/COOLING OF HOMES/SCHOOLS ETC. SOLAR PANELS + HEAT PUMPS & ALL THE OTHER LATEST DEVELOPMENTS IN THIS AREA WHICH SOME OTHER COUNTRIES ALREADY HAVE IE SCANDINAVIA, HOLLAND, DENMARK ETC.
