

# Answer our 10 big questions

1. What do you think about our vision for North East Cambridge?

Comment There is no provision for disabled / elderly / infirm people. Many can drive but cannot cycle, take the bus or walk far. Where are the care homes or surgeries? The Stalin style architecture does not suit the area.

2. Are we creating the right walking and cycling connections to the surrounding areas?

Comment No

3. Are the new 'centres' in the right place and do they include the right mix of activity?

Comment This looks like a middle class plan for the 'underclass' and will be the future slums of Cambridge.

4. Do we have the right balance between new jobs and new homes?

Comment Has this 'masterplan' taken into consideration our new situation of the worse recession for 300 years. Also Covid and other epidemics will quickly spread in such densely packed accommodation.

5. Are we are planning for the right community facilities?

Comment What does 'right community facilities' mean? This can only be asked of the people who will live there.

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

Comment NO.

**7. Are we planning for the right mix of public open spaces?**

**Comment** NO

**8. Are we doing enough to improve biodiversity in and around North East Cambridge?**

**Comment** ?

**9. Are we doing enough to discourage car travel into this area?**

**Comment** What about people who can't walk and need to use taxi's cars, ambulances and wheelchairs?

**10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?**

**Comment** This question is a cover for the most awful, over populated development Cambridge has the reputation to endure. What about fixing the terrible roads in Cambridge eg. Mitchams corner. How are neglecting the population of Cambridge who pay council tax
