

## Answer our 10 big questions

1. What do you think about our vision for North East Cambridge?

**Comment**

Another 'new town' that's not needed. Having tall (13 storeys) buildings in this area will be an eyesore

2. Are we creating the right walking and cycling connections to the surrounding areas?

**Comment**

They aren't needed. Sufficient footpaths, cycle paths, guided-bus & roads already exist! People won't walk from here to town.

3. Are the new 'centres' in the right place and do they include the right mix of activity?

**Comment**

Stop trying to 'jazz-up' these horrible, character-less developments!

4. Do we have the right balance between new jobs and new homes?

**Comment**

Why do we need this development? Leave the sewage works where they are & don't build this!!

5. Are we are planning for the right community facilities?

**Comment**

6. Do you think that our approach to distributing building heights and densities is appropriate for the location?

**Comment**

It's awful to use beautiful, historic buildings (Ely cathedral, Kings chapel) to compare these awful high-rises! They will be too tall for the area!!

**7. Are we planning for the right mix of public open spaces?**

**Comment**

The small neighbourhood greens never work in new developments. No-one uses them and they are either left in a state of neglect or they eventually get built upon!

**8. Are we doing enough to improve biodiversity in and around North East Cambridge?**

**Comment**

Leave the environment as it is! Don't upset the status-quo!

**9. Are we doing enough to discourage car travel into this area?**

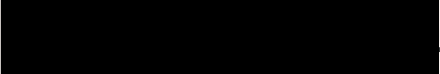

**Comment**

No - people are lazy, and will always use cars - sometimes 2-3 per household! off street parking & garages & car-ports will 'tidy' up the area!

**10. Are we maximising the role that development at North East Cambridge has to play in responding to the climate crisis?**

**Comment**

Don't build & don't move the sewage works! You'll be adding to the climate crisis!!
