Subject: AAP Reps, Core Site

Dear Matt and Team

I am emailing to submit the AAP representations on behalf of the Core Site Team.

The representations are comprised of a main document and five appendices. For ease of reference, I have attached the main document and appendix one (a table setting out detailed comments on the draft AAP).

I will email separately a zipped file containing the main document and all appendices which are available on Dropbox in [this folder](#).

I look forward to continued engagement in the weeks and months to come.

Kind regards

Mike
