Hello,

Yes I confirm.

Many thanks,
Thea

Dear Taya

Can you confirm if you wish your comments to be registered as part of the consultation on the North East Cambridge Area Action Plan which is currently open at www.greatercambridgeplanning.org/nec? If so, please be aware that your name will be published alongside your comments, but your contact details and other personal information will not. For this reason we require you to confirm that you are happy with this, in accordance with our Privacy Statement. Please do so before the 5pm consultation deadline on 5th October 2020.

Please do respond to this email to confirm you wish your comments to be registered. It would also be helpful to know if you would like to be kept up to date via email, with this and other planning consultations in the future.

Hello,

Thank you for your email and yes please, I would like to be involved in any plans to build a new skatepark and am happy to voice this need to the council.

I think it's very important that skaters have a say in any builds happening in the future so that parks can be made accessible!

Many thanks,

Thea

Dear Taya

Thank you for your suggestion for the North East Cambridge AAP area. We are really keen to understand what people think about the provision of new facilities including skate parks, so ideas such as this one would really help the councils in preparing the next version of the plan. It is not clear from your email whether you would like us to treat your email as a formal response to the consultation. If so, can you please confirm via email that this is the case so we can consider your comments further moving forward.

Many thanks

Subject: Cambridge needs better skate parks!

Hello,

I have looked at the plan for north east Cambridge and feel it's imperative that your team considers the build of a better skatepark. Cambridge is behind the curve, skateboarding and urban sports are at the beginning of a boom. Especially with England's Sky Brown competing in the Olympics.

I started a group specifically for girls called girlskatecambridgeshire, many girls have to travel outside of Cambridge to go to a skatepark. We are an amazing hub for science, engineering and technology, business is booming and yet we are leaving our young people behind and letting them down!

We have some of the worst skate parks in the UK, awful designs such as huge ramps

stuck in parks that no one can use. We need open, flat ground with smaller ramps and seating areas.

This needs to change!

Please consider building a new park or putting some money into existing parks with you plans.

Many thanks

Taya Field
