Hi Fiona

Thank you for your email regarding 'Preferred Option Public Consultation' which I will look out for next year.

Please note: I have forwarded the above document regarding the draft North East Cambridge Area Action Plan to the local [plan@greatercambridgeplanning.org](mailto:plan@greatercambridgeplanning.org).

Many thanks

Kind regards

Sarah

Dear Ms Campion

Thank you for your email below regarding Sustainable Development, and for attaching a copy of the Iceni promotional document for Land East of Lincoln Road, Glinton. Unfortunately, we are no longer accepting representations in respect of the First Conversation consultation for the new Greater Cambridge Local Plan. There will be an opportunity to make further comments at the next stage in the plan-making process which will be a 'Preferred Options Public Consultation' which is currently scheduled for Summer/Autumn next year.

I note from our online consultation system that you have recently made representations in respect of the Draft North East Cambridge Area Action Plan. This consultation is open until 5.00pm on Monday 5<sup>th</sup> October 2020. Should you wish the comments on Sustainable Development contained in your email below to be added to those already made regarding the proposals in this plan, please email the Policy Team, using the email address below, and this will be arranged for you before the consultation closes.

With kind regards  
Fiona Lightfoot  
Policy Planner

**Subject:** Local Plan - Sustainable Development

Sent from my Huawei phone

Good afternoon

This was not taken into account in the Local Planning and understand that the Greater Cambridge Planning is presently still in discussion phase.

This is a sensitive sustainable development plan with a plan to create homes taking into account passive house design principles. I presume that the local planning team could look at this as a viable option for development which is deliverable especially at this vital time.

1. It would look at creating a sustainable future.
2. Allow sustainable energy addressing fuel poverty as many of the houses in the village are historic and beautiful but expensive to heat and maintain.
3. The plan takes into account the younger generation allowing them to access good education and further education and bring jobs to the area.
4. It is an innovative way forward creating a sustainable community with integration to neighbouring communities.
5. It takes into account all demographics and genders.
6. It is created to consider nature and with sustainable homes to allow more biodiversity.
7. It will ensure a responsible way forward.

I look forward to hearing from you.

Kind regards

Sarah
