

Greater Cambridge Local Plan

Additional Sites and Broad Locations

Response Form – Issues and Options 2020

Guidance

Cambridge City Council and South Cambridgeshire District Council are preparing a new joint Greater Cambridge Local Plan to provide a sustainable vision for the future of the area. This includes planning for new housing and economic development to meet our needs and protect and enhance our environment. An early step in the plan preparation process is to gather information on what land is available and suitable for development. We undertook a 'Call for Sites' in Spring 2019 and are now providing another opportunity for you to tell us about potential development sites and broad locations as part of the Issues and Options consultation.

This response form may be used to put forward potential sites and broad locations for housing or economic development across the Greater Cambridge Local Plan area which is made up of the administrative districts of Cambridge and South Cambridgeshire. An understanding of land availability for development across Greater Cambridge will ensure that the new Local Plan allocates enough land in appropriate locations to meet identified needs. A Strategic Housing Land Availability Assessment (SHELAA) will be prepared to help the Councils choose the right sites from a large number of potential alternatives having assessed their suitability, availability and achievability.

Please complete a separate form for each site being submitted for consideration. For sites to be considered all of the form must be completed.

Housing development includes market housing for sale, affordable housing (including entry level exception sites), housing for rent, student housing, housing for people with disabilities, housing for people receiving care, service family housing, sites for travellers and travelling showpeople, and sites for people wishing to commission or build their own homes. It does NOT however include sites intended for the provision of rural exception site housing.

Economic development includes development for B1 (Business), B2 (General Industrial) and B8 (Storage and Distribution) uses. It does NOT include retail, hotels, leisure or recreation development.

Only submit sites and broad locations that are capable of delivering 5 or more dwellings or economic development on sites of 0.25 hectares (or 500 square meters of floor space) and above.

Please do not resubmit sites that you have already told us about through the 2019 'Call for Sites'. If you do resubmit a site with an amended site boundary or

description, please let us know if this is a replacement submission or an additional submission.

If you need assistance completing the form contact the Planning Policy Team at Localplan@greatercambridgeplanning.org or call us on 01954 713183.

COMPLETED FORMS MUST BE RECEIVED BY 5PM ON 24 FEBRUARY 2020

Disclaimer: The assessment of potential housing and employment sites through the Strategic Housing and Economic Land Availability Assessment process and the identification of sites with the potential for development does not indicate that planning permission will be granted for development, or that the sites(s) will be allocated for development in the Greater Cambridge Local Plan (GCLP). The SHELAA will be an important evidence source to inform future plan making but it will be for the GCLP to determine which sites are most suitable to meet identified needs.

Site Map: Provide a location map clearly showing site boundaries and land ownership. The site to be edged in red and include all land necessary for the proposed development. Any other land in the same ownership close to or adjoining the site to be edged in blue. WITHOUT A MAP WE WILL NOT BE ABLE TO CONSIDER THE SITE

E - Current and recent land uses

CURRENT AND MOST RECENT USE	
What is the current use of the site?	Orchard
If the site is developed but not currently in use, what was the last use of the site and when did it cease?	N/A
Please provide details of any relevant historic planning applications including application number if known	No planning history on the site.
Is the site previously developed land, greenfield or a mixture?	Greenfield.

F - Proposed future uses

Description of your proposed development:	Proposed development of up to six homes, accessed from Chiswick End, incorporating an agricultural access to the remainder of the orchard to the north, with landscaping and SUDS features along the front of the site.
--	---

Please indicate which of these uses you consider suitable for the future use of the site or broad location:

Use	Yes or No
Market and affordable housing	6 units market housing
Key worker housing	No
Older persons housing	No
Residential care home	No
Student accommodation	No
Custom or self build housing	Yes – potentially 2 units
Other forms of housing (please specify)	N/A
Gypsy and traveller pitch	No
Travelling showpeople pitch	No
Employment (B1) office	No
Employment (B1b) research and development	No
Employment (B1c) light industrial	No
Employment (B2) general industrial	No
Employment (B8) storage and distribution	No
Employment (other)	No

What accompanying uses are you proposing:

Schools and education	No
Public open space	No
Community facilities	No
Recreation and leisure	No
Healthcare	No
Hotel	No
Retail	No
Other	No

Please describe any benefits to the local area that the development could provide:

The development could provide market and self build housing to meet local needs.

Please provide and explain your estimate of the potential number of residential units of all types and / or potential employment floor space in square meters that can be accommodated:

There is an area of the site adjacent to Chiswick End which is shown on the Environment Agency website as being vulnerable to flood risk. It is therefore proposed that this area forms a landscaped area which provides SUDS capacity. The access road into the site will go to the north

	<p>of this landscaped area, curving into the site, and then the homes will be located facing south across the road and the SUDS feature, backing onto the orchard. A flood risk assessment will be undertaken in due course to determine the exact extent of the likely flooding, and the amount of water storage/drainage needed.</p> <p>On this basis, it is likely that up to 6 homes could be accommodated on the site.</p>

G - Suitability – site features and constraints

Site features and constraints

<p>Are you aware of any physical or environmental or other limitations which may constrain development of the site? If so, describe the extent of the constraint and whether it can be addressed or mitigated to enable the site to be suitable for development:</p>	<p>Proposed mitigation (please attach any available evidence such as studies or surveys)</p>
<p>Site access Is there a current means of vehicular access to the site from the public highway and does this access need to be improved or an additional access created to enable development?</p> <p>Yes: <input checked="" type="checkbox"/> (please give details) No: <input type="checkbox"/></p> <p>Details: Existing site access from Chiswick End would need to be improved. Please see attached map.</p> <p>(Indicate the location of the access on the site map)</p>	
<p>Physical constraints Are there any slopes, significant changes in ground levels or unstable ground on the site which could constrain its development in whole or part?</p> <p>Yes: <input type="checkbox"/> (please give details) No: <input checked="" type="checkbox"/></p> <p>Details:</p>	

<p>Environmental constraints Is the site affected by flood risk, drainage, contamination, biodiversity, heritage or other constraint or risk which could constrain its development in whole or part?</p> <p>Yes: <input checked="" type="checkbox"/> (please give details) No: <input type="checkbox"/></p> <p>Details: As set out above, the majority of the site lies in Flood Zone 1, the area at lowest risk of flooding, but there is a small area at the front of the site which is at risk of fluvial and surface water flooding. It is proposed that any new homes are located to the north and west of this area, in Flood Zone 1. There are no contamination, biodiversity or heritage constraints on the site.</p>	
<p>Infrastructure Does the site have access to key utilities? Will provision need to be made or capacity created or reinforced to enable development? (mains water supply, mains sewerage, electricity supply, gas supply, broadband internet).</p> <p>Is the site crossed or adjacent to a key utility such as a pipeline or by pylons? (Indicate the location of the constraint on a map).</p> <p>Yes: <input type="checkbox"/> (please give details) No: <input type="checkbox"/></p> <p>Details: Mains utilities are located on Chiswick End and would need to be linked to the site.</p>	

H - Availability

<p>When could the site become available for development?</p>	<p>Available now <input checked="" type="checkbox"/></p>	<p>Next 5 years <input type="checkbox"/></p>	<p>Next 6-10 years <input type="checkbox"/></p>	<p>10+ years <input type="checkbox"/></p>
<p>Please give your reasons:</p>	<p>Site is in my client's ownership and part of it could be released now. No market research has been done to date.</p>			
<p>Please choose the most appropriate category to indicate what level of</p>	<p><input type="checkbox"/> Site owned by a developer <input type="checkbox"/> Site is being marketed <input type="checkbox"/> Site is under option by a developer</p>			

market interest there is / has recently been on the site:	<input type="checkbox"/> Enquiries received <input checked="" type="checkbox"/> None <input type="checkbox"/> Don't know
In your opinion, what is the market attractiveness of the site at the current time?	We believe that the site would be very attractive because of the attractive rural nature of the site yet it is also within walking distance of the village primary school, shops and services.
Are there any legal / land ownership constraints on the site that might prohibit or delay development (such as ransom strips, unresolved multiple ownerships, covenants or long tenancies)	No
If the site has been allocated for development in previous Local Plans and remains undeveloped or has a record of unimplemented planning permissions please provide the reasons why.	Not applicable.

I - Deliverability

Please indicate the likely year when the proposed development will begin to deliver completed buildings, and the year when the development is likely to be completed.	Start of delivery: 2022 Completed development: 2022 Development period in years: 1
To the best of your knowledge, are there abnormal cost factors which could affect delivery of the site? (such as site preparation costs, infrastructure costs, demolition or ground conditions).	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
How could any issues be overcome?	Not applicable

J - Viability

Do you consider that the site is currently viable for its proposed development taking into account any	<input checked="" type="checkbox"/> Yes
