

Strategic Housing and Economic Land Availability Assessment

Call for Sites and Broad Locations

Response Form 2019

Guidance

Cambridge City Council and South Cambridgeshire District Council are starting work on a new joint Greater Cambridge Local Plan to provide a sustainable vision for the future of the area. This includes planning for new housing and economic development to meet our needs and protect and enhance our environment. An early step in the plan preparation process is to gather information on what land is available and suitable for development. As part of this work we are seeking your input through this 'call for sites' consultation.

This response form may be used to put forward potential sites and broad locations for housing or economic development across the Greater Cambridge Local Plan area which is made up of the administrative districts of Cambridge and South Cambridgeshire. An understanding of land availability for development across Greater Cambridge will ensure that the new Local Plan allocates enough land in appropriate locations to meet identified needs. A Strategic Housing Land Availability Assessment (SHELAA) will be prepared to help the Councils choose the right sites from a large number of potential alternatives having assessed their suitability, availability and achievability.

Please complete a separate form for each site being submitted for consideration. For sites to be considered all of the form must be completed.

Housing development includes market housing for sale, affordable housing (including entry level exception sites), housing for rent, student housing, housing for people with disabilities, housing for people receiving care, service family housing, sites for travellers and travelling showpeople, and sites for people wishing to commission or build their own homes. It does NOT however include sites intended for the provision of rural exception site housing.

Economic development includes development for B1 (Business), B2 (General Industrial) and B8 (Storage and Distribution) uses. It does NOT include retail, hotels, leisure or recreation development.

Only submit sites and broad locations that are capable of delivering 5 or more dwellings or economic development on sites of 0.25 hectares (or 500 square metres of floor space) and above.

If you need assistance completing the form contact the Planning Policy Team at Planningpolicy@scambs.gov.uk or Planningpolicy@cambridge.gov.uk or call us on 01954 713183.

COMPLETED FORMS MUST BE RECEIVED BY 5PM ON 25 MARCH 2019

Disclaimer

The assessment of potential housing and employment sites through the Strategic Housing and Economic Land Availability Assessment process and the identification of sites with the potential for development does not indicate that planning permission will be granted for development, or that the sites(s) will be allocated for development in the Greater Cambridge Local Plan (GCLP). The SHELAA will be an important evidence source to inform future plan making but it will be for the GCLP to determine which sites are most suitable to meet identified needs.

D - Site details

SITE DETAILS
Site location, address and post code: Land to the East of the A11, Mill Road, Great Wilbraham CB21 4HH
Site Area: 20.130 in hectares
Site Map: Provide a location map clearly showing site boundaries and land ownership. The site to be edged in red and include all land necessary for the proposed development. Any other land in the same ownership close to or adjoining the site to be edged in blue.
WITHOUT A MAP WE WILL NOT BE ABLE TO CONSIDER THE SITE

E - Current and recent land uses

CURRENT AND MOST RECENT USE	
What is the current use of the site?	Agricultural
If the site is developed but not currently in use, what was the last use of the site and when did it cease?	
Please provide details of any relevant historic planning applications including application number if known	None
Is the site previously developed land, greenfield or a mixture?	Greenfield

F - Proposed future uses

Description of your proposed development:	The site would be suitable for commercial or industrial use. Access is off the existing A11 junction and the site is surrounded by development in the locality with the Solar Farm, CamGrain and the chalk pit to three sides and the A11 to the fourth.
Please indicate which of these uses you consider suitable for the future use of the site or broad location:	
Use	Yes or No
Market and affordable housing	No
Key worker housing	No
Older persons housing	No
Residential care home	No
Student accommodation	No

Custom or self build housing	No
Other forms of housing (please specify)	No
Gypsy and traveller pitch	No
Travelling showpeople pitch	No
Employment (B1) office	Yes
Employment (B1b) research and development	Yes
Employment (B1c) light industrial	Yes
Employment (B2) general industrial	Yes
Employment (B8) storage and distribution	Yes
Employment (other)	Yes
What accompanying uses are you proposing:	
Schools and education	No
Public open space	No
Community facilities	No
Recreation and leisure	No
Healthcare	No
Hotel	No
Retail	No
Other	No
Please describe any benefits to the local area that the development could provide:	The site utilises an existing junction of the A11 and would provide an employment location which would be well served by the existing major road network. The site readily lends itself to commercial uses which would not be appropriate within the urban area. Vehicular traffic would not directly impact negatively on local settlements.
Please provide and explain your estimate of the potential number of residential units of all types and / or potential employment floor space in square meters that can be accommodated:	The site as a whole is 20 hectares, working on a 65% development rate this would give a potential developable floor space of 130,000 square meters.

G - Suitability – site features and constraints

Site features and constraints

Are you aware of any physical or environmental or other limitations which may constrain development of the site? If so, describe the extent of the constraint and whether it can be addressed or mitigated to enable the site to be suitable for development:	Proposed mitigation (please attach any available evidence such as studies or surveys)
Site access Is there a current means of vehicular access to the site from the public highway and does this access need to be improved or an additional access created to enable development? Yes: ☒ (please give details) No: ☐ Details: There is an existing access but land available for the access to be improved or relocated if required (Indicate the location of the access on the site map)	
Physical constraints Are there any slopes, significant changes in ground levels or unstable ground on the site which could constrain its development in whole or part? Yes: ☐ (please give details) No: ☒ Details:	

Environmental constraints Is the site affected by flood risk, drainage, contamination, biodiversity, heritage or other constraint or risk which could constrain its development in whole or part? Yes: ☐ (please give details) No: ☒ Details:	
Infrastructure Does the site have access to key utilities? Will provision need to be made or capacity created or reinforced to enable development? (mains water supply, mains sewerage, electricity supply, gas supply, broadband internet). Is the site crossed or adjacent to a key utility such as a pipeline or by pylons? (Indicate the location of the constraint on a map). Yes: ☐ (please give details) No: ☒ Details: The key infrastructure is available in this area to service the site	

H - Availability

When could the site become available for development?	Available now ☒	Next 5 years ☐	Next 6-10 years ☐	10+ years ☐
Please give your reasons:	Site is available for development now.			
Please choose the most appropriate category to indicate what level of market interest there is / has recently been on the site:	☐ Site owned by a developer ☐ Site is being marketed ☐ Site is under option by a developer ☐ Enquiries received ☒ None ☐ Don't know			
In your opinion, what is the market attractiveness of the site at the current time?	Site is not located within an existing urban area, the site has good access from and onto the major road network. The site would be attractive to industrial and storage companies.			
Are there any legal / land ownership constraints on the site that might prohibit	No			

or delay development (such as ransom strips, unresolved multiple ownerships, covenants or long tenancies)	
If the site has been allocated for development in previous Local Plans and remains undeveloped or has a record of unimplemented planning permissions please provide the reasons why.	n/a

I - Deliverability

Please indicate the likely year when the proposed development will begin to deliver completed buildings, and the year when the development is likely to be completed.	Start of delivery: 2020 Completed development: 2025 Development period in years: 5
To the best of your knowledge, are there abnormal cost factors which could affect delivery of the site? (such as site preparation costs, infrastructure costs, demolition or ground conditions)..	☐ Yes ☒ No
How could any issues be overcome?	

J - Viability

Do you consider that the site is currently viable for its proposed development taking into account any and all current planning policy considerations and known development costs associated with the site?	☒ Yes ☐ No
--	--

K - Supporting evidence

Is there any other factual information regarding the site that we should be aware of?

Guidance Notes

A	Contact details	Please include details of the person who should be the main contact regarding the site if we have any queries.
C	Land ownership	If there are multiple owners provide details for them all on attached sheets.
D	Site details	Make sure that we can accurately locate the site and understand its boundaries. Do not assume we have as much local knowledge as you do.
F	Proposed future uses	If you have any evidence or studies to support your use preferences and site capacity estimates please provide a copy as an attachment.
G	Suitability	It would be helpful if you could provide details of proposed mitigations to overcome identified constraints.
H	Availability	Only select 'available now' if the site is vacant and unused and has no constraints on its development.
I	Deliverability	Please be as realistic as possible when estimating when development can start and be completed.
J	Viability	If you have any evidence or studies regarding the viability of the site please provide a copy as an attachment.
